

WE RISE 2021 + LA County Parks “Every Body Plays” Program
present

RIISING WITH CHALK

Tuesdays through Saturdays
May 4 – 29 | 2:30 p.m. – 4:30 p.m.
Check locations with local Parks Department

WE RISE 2021 has created an artists’ facilitated children’s chalk art program led by world class Chalk Artists that invites kids to create colorful designs at 55+ local parks around Los Angeles County.

Bring your kids to a local county park in Los Angeles to explore using chalk to describe feelings and things that inspire our kids!

For two hours after school, 55+ parks will feature a team of artists who will be creating amazing images, handing out free chalk supplies and guiding kids, ages 6-12, through various chalk art experiences.

Activities include murals, sketching, coloring, art therapy and games.

Please arrive in weather-appropriate, comfortable clothes and join us for an afternoon of art, connection, community engagement and creative expression!

All participants are required to please wear face masks and stay physically distanced. WE RISE installations and activities are meant to be viewed from a distance individually or in small groups, in order to remain COVID-safe while still fostering community connection and collective healing.

An initiative of the Los Angeles County Department of Mental Health, WE RISE is needed now more than ever, as the region emerges from the isolation of the global pandemic and continues to grapple with related stressors and racial injustice. This is our opportunity to rise together. For more information, please visit werise.la.
